University of Maryland's - Idea Factory's Purchasing Policy

Purpose: To ensure that goods and services are procured in a timely and cost-effective manner, which is essential for the efficient operation of Idea Factory. This policy also guarantees compliance with various regulations, satisfying all state and federal terms and conditions.

- Purchasing Email:** Please send all purchasing requests to mtech_purchasing@umd.edu
- Subject Line:** Please use this format: **[PI Name/Vendor/Prj Name/Order Date]**
- Days to Place Orders:** The designated days for order placement are **Monday** and **Thursday** of each week. Requests should be made on specific days to optimize efficiency and consolidate procurement activities.
 - Urgent requests may always be sent outside of these days (please label these requests: "URGENT")**
 - Amazon** orders can not be placed on **Thursdays and Fridays** since we can't accept packages over the weekend.
- One Vendor Purchasing Request per Email:** Please include **one vendor per email** to ensure proper tracking of procurement requests. This will help us efficiently process and track each request. If you have multiple procurement requests from different vendors, please email each request separately.
- Supporting Documentation:** When you submit a procurement request, please provide all necessary supporting documentation, such as quotations, specifications, web links, or other relevant information in the same email. Documentation is critical - State auditors will be thorough in their review in making sure we have the necessary documentation.
- Approval Process:** The existing approval process remains unchanged. All procurement requests must follow the established approval chain before processing. Please make sure the PI has approved the request. Heather Mattern will approve as the Fiscal Officer.
- Processing Time:** All requests will be processed within 2-5 business days. For orders requiring Purchase Orders, preparation will also take 2-5 business days; however, processing times may be longer due to supplier activation in the Workday system and approval requirements from Central Procurement.
- Contracts, Agreements, and Subscriptions:** Please forward orders which include terms or necessitate a signed contract to hmattern@umd.edu. Please do not accept any terms or sign any contracts on behalf of the University. The same applies to software agreements and subscriptions, as they may contain hidden terms requiring Procurement's attention. These types of orders may result in longer processing times.

University of Maryland's - Idea Factory's Travel Policy and Getting Started with Concur

Purpose: A travel policy is established to ensure that all travel on behalf of the university is conducted in a manner that guarantees safety, cost-effectiveness, and compliance with applicable laws and university standards. It aims to streamline travel arrangements, manage risks, and maintain transparency and accountability in the use of university resources.

1. Concur Directions ACCORDION · collapsed by default · shown expanded

Concur is a secure, cloud-based platform where you can handle everything related to your trip online -travel requests, travel expenses, UMD Travel Card management, and transaction reallocations. Travel & Card Services has a new [website](#) that links directly to the Concur login page, the starting point for using the new travel system. The site's [Help Center](#) offers walkthroughs, job aids, FAQs, information about weekly demonstrations, drop-in help, and email/phone support.

HERE'S HOW TO GET STARTED:

STEP 1: Create a Concur Profile:

- [purchase.umd.edu/travel/concur/concur-login](#)
- All travelers and delegates are required to create a Profile in Concur prior to obtaining approval for travel events or making travel arrangements.
- The Concur Profile contains critical information needed to seek approval, book trips, and process expense reports.
- The traveler's name in Concur must match the name on the ID used during travel (State-issued ID card, Driver's License, Passport). This is the name that will be on the tickets.
- Tcard and personal credit card numbers can be loaded into Concur to make the selection of payment types easy for travelers and delegates.
- When setting up your Profile make sure to **verify your UMD email address** and any other email addresses you want to add

STEP 2: Create a New Request - UMD Travel Card

- Tcards are available for eligible employee travelers. Please contact [hmattern@umd.edu](#) if you are interested in getting a Tcard.
- Tcards reduce the need for travel advances and expense reimbursement
- The intended use of the Tcard is to pay for legitimate and appropriate expenses related to business travel and hosting
- The UMD Tcard is issued through Diners Club/BMO
- Anyone requesting a Tcard **is required to complete an application and training process prior to issuance of the card**
- Once a travel card request has been approved, it will take about 7 business days for Travel & Card Services to receive it. When the card is ready the applicant will receive an email with information about how to pick-up the card
- Tcard misuse can result in immediate suspension or termination of the Tcard and/or disciplinary action

STEP 3: Create New Request - Preapproval for Travel

- Pre-approval is required for ALL UMD travelers and sponsored visitors, for events, out-of-state, overnight and international travel.
- Pre-approval must be obtained from the UMD traveler's immediate supervisor prior to booking travel or making reservations.
- Travel or Event approval must be obtained using the Travel or Event Request in Concur.
- Once approval is obtained, the traveler or their delegate can book travel or make a reservation.
- Please see additional information to include in each request:
 - Detailed Justification - Provide a clear and concise reason for the trip.
 - Agenda or Meeting Invite - Attach a detailed agenda outlining the schedule of activities. If applicable, provide copies of meeting invites or confirmations from attendees.

STEP 4: Approved Travel - Book Travel

- Travelers and Delegates are expected to book the least expensive, practical itinerary regardless of the booking or payment method.
- UMD **requires** the use of Concur or the designated Travel Management Company, Collegiate Travel Planners (CTP), for booking air and rail travel. This does not apply to commuter rail systems.
- Southwest Airlines can be booked through Concur directly. If you book a flight with Southwest Airlines, any flight changes must be done directly with Southwest Airlines, not with CTP.
- Electronic booking using Concur should be the first option for booking domestic and non-complex international flights.
- Tickets booked on Concur, or through CTP, using a personal credit card will not be reimbursed until travel is completed.

STEP 5: Expense Reimbursement - see [JobAid](#)

- To facilitate timely processing, kindly submit your travel expense report within 30 days of returning from your trip.
- Please **re-attach the meeting agenda** to your travel approval request. The agenda should clearly outline the meeting's purpose and objectives.

2. Policies ACCORDION · collapsed by default · shown expanded

More policies and information can be found [here](#).

AIRFARE:

- Employees are required to book air and rail through Concur or with the University contracted travel agency, CTP.
- The University Policy is to "book the least expensive, practical itinerary."
- Flights booked through Concur and CTP have agency fees associated with them and must be included on the expense report.
- Premium seating may be allowable depending on flight duration and departmental approval; don't hesitate to contact [hmattern@umd.edu](#) **before** purchasing.
- Refundable ticket purchases must be documented and approved by the department before purchasing.
- If you need to cancel an airline ticket booked initially in Concur, it can be done within Concur when you locate the itinerary in your bookings section, but please contact [hmattern@umd.edu](#) before doing so.

LODGING:

- Every effort should be made to ensure that lodging costs are reasonable and appropriate. The standard room rate should be used whenever available.
- AirBNBs/VRBOs and other private home rental expenses must NOT be charged to a UMD travel card. A personal card should be used and reimbursed after the trip.
- In-room movie, room service, pay-per-view, and any additional entertainment charges not included in the room rate will not be reimbursed. These are considered personal charges.
- UMD will not reimburse "no show" charges unless due to an emergency or to the benefit of the University. - If there is a "no show" charge due to an emergency, a memo to the file should be attached to the expense report attachment section.
- Hotel confirmations alone are not acceptable. - Confirmations show intent to stay. They do not confirm the traveler stayed at the hotel. Therefore, itemized receipts are required for the hotel. The hotel bill must show a form of payment and a \$0 balance.

REGISTRATION:

- Itemized receipts are required and must be kept and will be provided during the reimbursement process.
- Receipts should show the date, vendor name, the amount charged, and the form of payment.
- Add conference agenda to the approval request and expense reimbursement request

GROUND TRANSPORTATION:

- Taxi, Uber, and Lyft – Detailed receipts must be kept and will be provided during the reimbursement process
- Receipts should show the date, specific service, vendor name, origin/destination, the amount charged, and the form of payment.
- Transportation Gratuity - Reasonable; 18% is the maximum allowable

PER DIEM (ONLY FOR APPROVED OVERNIGHT TRIPS):

- Meal expenses are to be covered out of pocket, and will be reimbursed as **per diem** upon your return. **UMD uses Domestic and International GSA meal per diem rates** for individual travel.
- Meals provided by the conference or outside source should not be requested for reimbursement and will be reduced from the per diem.

3. Dos and Donts of Travel ACCORDION · collapsed by default · shown expanded

When awarded university funding for travel, it's important to adhere to certain guidelines to ensure that the funds are used appropriately and responsibly. Here are some do's and don'ts for travel:

Do:

- **Plan Ahead:** Start planning your trip well in advance (at least 2 weeks in advance) to take advantage of lower travel costs and to ensure that you can meet all the university's requirements.
- **Follow University Policies:** Familiarize yourself with the [specific policies and guidelines](#) provided by your university regarding the use of travel funds.
- **Use Funds for their intended purposes:** Ensure that the awarded funds are used solely for academic or research-related travel. This includes conference attendance, research collaboration, or other educational purposes.
- **Book Economical Travel:** Opt for cost-effective travel options such as economy-class flights, and consider using public transportation when it's practical.
- **Book Reasonably Accommodations:** Choose reasonably priced accommodation that meets your basic needs, such as a hotel within the conference's official hotel block.
- **Attend the Full Conference/Workshop, etc:** Attend the full duration of the conference or event for which the funds were awarded. This may include all relevant sessions, workshops, and networking events. Please attach the agenda in your travel request.
- **Maintain Records:** Keep detailed records of your expenses, including receipts, boarding passes, and any other relevant documents. This will be essential for reimbursement and compliance.
- **Submit Expense Reports:** Promptly (within 2 weeks of returning) submit expense reports after you return home as per your university's requirements, including a clear breakdown of expenses.
- **Provide Proof of Attendance (if applicable):** Ensure you can provide proof of your conference or event attendance, such as registration receipts, badges, or certificates of participation.
- **Travel with Purpose:** Remember the purpose of your trip and focus on academic or research activities. Make the most of the opportunity to learn and network.
- **Plan Meals Accordingly:** Meal reimbursement is limited to the per diem for the area that you are visiting. Meals in excess of the per diem are not reimbursable

Don't:

- **Make Changes to Travel Plans Without Permission:** If you encounter issues or changes in your travel plans, communicate promptly to Heather Mattern: [hmattern@umd.edu](#) to seek guidance or make necessary adjustments.
- **Use University funds for Personal Travel:** Do not use university funds for personal leisure or vacation travel. Keep personal expenses separate from the trip.
- **Upgrade:** Do not purchase upgrades, such as business or first-class flights.
- **Misuse Funds:** Do not use the funds for activities that are not directly related to the original purpose of the trip.
- **Skip on Responsibilities:** Fulfill your academic/research responsibilities, such as presenting your research or actively participating in conference discussions. Don't skip important events or sessions.
- **Submit Incomplete Documentation:** Don't submit incomplete or inaccurate documentation for reimbursement. Always ensure your records are accurate and complete.
- **Submit Late Expense Reports:** Avoid procrastinating on submitting your expense reports. Timely submission is crucial for reimbursement and compliance.
- **Attend Unrelated Events:** Do not attend events or activities that are unrelated to the purpose of your trip, as it could be seen as a misuse of university funds.
- **Request Per Diem for Meals included as part of the conference.** Meals included as part of the conference event are not reimbursable, even if you did not consume the food.

University of Maryland's - Idea Factory Employment and Onboarding Checklist

Purpose: To provide a structured framework for seamlessly integrating new employees into UMD by ensuring all necessary steps are taken for their effective orientation and onboarding for all employees.

I. New Hire "General" Information

ACCORDION · collapsed by default · shown expanded

- **Campus Orientation:** Familiarize yourself with the campus layout, including where different departments, key facilities, and emergency services are located.
 - a. As part of the onboarding experience, all new employees at the university are invited to attend [New Employee Orientation \(NEO\)](#).
- **Keys:** This involves a request through the department's administrative office. Please contact Heather Mattern at hmattern@umd.edu if you need a key made - things needed.
 - a. PI/Supervisor Approval
 - b. Core Number
 - c. Building number
 - d. Room number
- **Building Access, Swipe Access or Blue Diamond:** This involves a request through the department's administrative office. Please send PI/Supervisor Approval to Heather Mattern at hmattern@umd.edu. If you need access to a "lab" all safety training must be completed first - please see #6 below.
- **Computer and Email Account Setup:** Instructions for setting up university email accounts, directory id - see [here](#): Please contact Joe Belew with any questions at: tetrad@umd.edu
- **IT Support:** Information on how to reach IT support for assistance with technical issues, software installations, or hardware problems. Please contact Joe Belew at: tetrad@umd.edu
- **Workplace Safety Training (Labs):** Details on mandatory safety training, especially for roles that involve laboratory work, handling of hazardous materials, or operating specialized equipment. Please go to umd.bioraft.com/ for more information.
- **Parking and Transportation:** Information on parking permits, campus shuttle services, bike share programs, and any other transportation-related resources. Please go [here](#) or if you need additional information please contact Ericka Black at: epair@umd.edu
- **UMD ID Cards:** A university ID card can be used for library access, dining services, and other campus facilities, etc. The Information Desk located in the Mitchell Building lobby provides ID cards. Simply bring a photo ID, such as a driver's license, get your picture taken, and immediately receive your ID card. The Information Desk is open Monday through Friday from 8:30 a.m. to 4:30p.m. A University ID card is required to utilize University Library services. Please go [here](#) for more information.
- **Professional Development:** Resources available for professional development, including workshops, seminars, training sessions, and mentorship programs. Please contact your supervisor directly or:
 - a. For All - see more information [here](#).
 - b. For Faculty Appts - see additional information [here](#)
- **UMD Alerts:** Sign up for UMD Alerts [here](#) for weather events or any other emergencies
- **Campus Map:** See campus map [here](#) and other campus links, services, and resources, see [here](#).
- **Telework (if applicable):** Telework eligibility and arrangements must adhere to the overall department policy and are subject to approval by the direct supervisor. Supervisors will assess telework requests based on individual performance, job responsibilities, and departmental needs.
- **Policies:** A copy of personnel policies and procedures, including code of conduct, dress code, and confidentiality agreements. See [here](#).

II. Benefits

ACCORDION · collapsed by default · shown expanded

- **Benefits Enrollment:** Guidance on how to enroll in health insurance, retirement plans, or other benefits offered to eligible university employees. Please go [here](#) or contact Karen Russo at: krusso@umd.edu

III. Payroll

ACCORDION · collapsed by default · shown expanded

- **Payroll Information - Direct Deposit:** Please see details [here](#). Send completed form to: Central Payroll Bureau, P.O. Box 2396, Annapolis, MD 21404. Phone 410-260-7401.
 - a. Only one account is permitted for direct deposit. You can choose either checking or savings, not both.
 - b. Employees may have to wait 1-2 pay periods before direct deposit goes into effect
- **Payroll Schedule:** Please see FY25 details [here](#).
 - a. ***Hourly employees are paid one pay period behind
- **Employment Payroll Forms:** Completed forms may also be dropped off on campus at the Payroll Services Office-Chesapeake Bldg #383 at the Forms Drop-Off Box located outside of Room 1101L
- **Payroll Online Service Center (POSC):** The Payroll Online Service Center (POSC) is the State of Maryland's system. All active state employees and recently retired/terminated employees who are/were paid by the Central Payroll Bureau (CPB) can view/print 12 rolling months of pay stub information, the most three recent years of duplicate W2s, and update addresses and W4 exemptions - see [here](#).

IV. Time and Absence

ACCORDION · collapsed by default · shown expanded

- **Accessing Workday to add Time or Absence:** You can access your timesheet by visiting [ARES](#) and then selecting "PHR Time Entry/Leave Reporting" from the Quick Links menu on the right. Select the pay period from the drop down menu, and then click on the "Complete Your Time/Leave Record" under the "Employees" menu.
- *Did You Know?* With the implementation of Workday, **exempt staff and faculty no longer complete a bi-weekly timesheet**. They only need to record time off and leaves of absence using Workday's absence calendar. View the [full announcement here](#).
- **Corrections:** If you make a mistake on your timesheet and the timesheet has already been submitted, please contact Karen Russo at: krusso@umd.edu to request the necessary changes.

V. Leave

ACCORDION · collapsed by default · shown expanded

- **Annual Leave:** Is available to eligible employees and requires supervisor approval
 - a. **Accrual rates:** Varies for annual leave by length of service and are different for non-exempt and exempt employees
- **Holiday leave:** Is available to eligible employees. The holiday calendar is here can be found [here](#)
- **Personal leave:** Is granted to eligible employees and requires supervisor notification or approval
- **Sick leave:** Is provided to eligible employees for health-related reasons
- **All other leave:** More information can be found here:
 - a. [Sick & Safe Leave](#)
 - b. [Parental Leave](#)
 - c. [Advanced Sick Leave \(ASL\)](#)
 - d. [Family Medical Leave \(FML\)](#)

VI. Required Trainings

ACCORDION · collapsed by default · shown expanded

- **TerrapinSTRONG:** All new employees to UMD are required to take TerrapinSTRONG within 2 weeks of their hire day. TerrapinSTRONG onboarding helps participants feel welcomed to the University of Maryland, learn some of our history and traditions and understand our commitment to diversity, equity, and inclusion. Each new Terp creates an individualized action plan to stay connected to the tenets of TerrapinSTRONG moving forward.
- **Responding Effectively to Discrimination and Sexual Misconduct:** The Office of Civil Rights & Sexual Misconduct (OCRSM) will assign required online compliance training to new employees within 30 days of hire. All new employees will be assigned the Responding Effectively to Discrimination and Sexual Misconduct training.
- **Security Awareness Training:** "Defending Your Shell" is a basic cybersecurity awareness training created to fulfill the state of Maryland's expectation that all employees receive cybersecurity awareness information each year. The material is broken up into five modules with corresponding quizzes that can be completed at your convenience. It takes approximately 60 minutes to complete the full series.

VII. Tuition Remission

ACCORDION · collapsed by default · shown expanded

1. FT Employees (non-Graduate assistantships)

- Eligible UMD employees and their dependents can apply for tuition remission through the [USM Tuition Remission Portal](#).
- Retirees or those applying to Morgan State University, Baltimore City Community College, or St. Mary's College of Maryland should use the paper Tuition Remission Request Form.
- For questions regarding tuition remission, contact tuitionremission@umd.edu.
- Mandatory fees are the responsibility of the employee or dependent.
- There are specific conditions regarding dropping/adding courses and withdrawing that affect tuition remission.
- Employment termination before the drop/add deadline can lead to the rescinding of tuition remission benefits.
- Daytime courses for faculty or staff require supervisor approval.

2. Graduate Assistantships

- Graduate Assistants do not need to submit the electronic tuition remission form each semester or term to receive tuition remission. All GAs that have an active appointment in the university payroll system (PHR) and are registered for classes each semester or term will automatically receive the appropriate tuition remission posted to their student account based on their full or part-time status. However, graduate assistants should confirm with their departmental approver that their appointment is active in PHR. Graduate assistants will automatically receive an email each subsequent semester or term confirming the processing of their tuition remission. Graduate Assistants must maintain an active appointment in PHR through the last day of their classes to avoid tuition remission chargebacks.
- For more information view the [Tuition Remission FAQs and General Info for Graduate Assistants pdf](#).
- Please note: mandatory or applicable fees are the responsibility of the GA and must be paid by the billing due date
- Tuition Remission is applied within 4 weeks of the semester start date. Although you will receive tuition remission automatically, tuition remission will not be credited to your account on the day that you register.
 - Please send unofficial transcripts and student bill to Heather Mattern: hmattern@umd.edu each semester once add/drop period has closed

Professional Opportunities at UMD and Surrounding Areas

Welcome to our page dedicated to professional development opportunities available at the University of Maryland (UMD) and its surrounding areas. Whether you're a student, faculty member, or staff member, investing in your professional growth is essential for career advancement and personal fulfillment. Below, you'll find a curated list of resources, programs, and training opportunities both within UMD and in the broader community.

I. University of Maryland (UMD) Resources

ACCORDION · collapsed by default · shown expanded

+

• UMD Training & Development

• Division of Human Resources: The Division of Human Resources offers various training programs and workshops designed to enhance professional skills, leadership development, and workplace effectiveness.

• Faculty Affairs: Faculty Affairs provides resources and workshops tailored to the needs of faculty members, including teaching workshops, tenure and promotion guidance, and research support.

• Graduate School: The Graduate School hosts workshops, seminars, and career events aimed at supporting graduate students' professional development, such as grant writing workshops, career exploration panels, and networking events.

• Research Administration

• Office of Research Administration: This office provides training sessions and resources for research administrators, including guidance on grants management, compliance, and research integrity.

II. External Resources

ACCORDION · collapsed by default · shown expanded

+

• Maryland Professional Organizations

TBD

• Online Training Platforms

• LinkedIn Learning: Access a vast library of online courses covering a wide range of topics, including leadership, project management, and technical skills.

• Coursera: Explore courses from top universities and institutions worldwide, with options for professional certificates and specializations in fields such as business, data science, and healthcare.

• EdX: EdX offers online courses from universities and institutions globally, covering subjects ranging from computer science and business to humanities and engineering. Many courses are self-paced and offer certificates upon completion, making it a flexible option for professional development.

• Local Workshops and Events

• Maryland Technology Development Corporation (TEDCO): TEDCO hosts workshops, seminars, and networking events aimed at supporting entrepreneurs, innovators, and startup founders in Maryland.
